**PEBBLE CREEK MINING LTD. SIGNS CONFIDENTIALITY AGREEMENT WITH  
A MAJOR INTERNATIONAL COMPANY**

TSX-V: PEB

FOR IMMEDIATE RELEASE

Vancouver, British Columbia and New Delhi, India – December 8, 2010 – Pebble Creek Mining Ltd. (“Pebble Creek”) is pleased to announce that it has entered into a confidentiality agreement with a major international company to evaluate Pebble Creek’s Askot and other projects in order to assess any prospects of acquiring an interest in the projects. The international company is not obligated to proceed with any transaction with Pebble Creek.

Askot is a massive sulphide deposit containing copper, zinc, lead, silver and gold located in Uttarakhand, India.

India’s mine production capacity for copper, silver and gold in particular are a small fraction of India’s domestic market demand for such metals, which are mainly supplied by imported concentrates and bullion. The potential prospects for growth in serving these markets is compelling.
