**PEBBLE CREEK MINING LTD. ANNOUNCES EXTENSION OF TERMS OF
WARRANTS**

TSX-V: PEB

FOR IMMEDIATE RELEASE

Vancouver, British Columbia, and New Delhi, India – June 9, 2009 – Pebble Creek Mining Ltd. (the “Company” or “Pebble Creek”) announces that it has obtained the TSX Venture Exchange’s approval to extend the terms of a total of 3,150,000 common share purchase warrants (the “Warrants”) issued by the Company in 2007 and which were originally due to expire on June 22 and July 13, 2009, respectively. The Warrants will be extended for an additional term of two years, expiring on June 22 and July 13, 2011, respectively.

About Pebble Creek. The Company is concentrating on developing the high-grade Askot copper, zinc and lead deposit, with some gold, silver and indium, in Uttarakhand State, India. Askot is projected to be an environmentally friendly underground mine. With a thorough knowledge of India after 14 years in country, the Company is well positioned to carry out this project and others in the acquisition pipeline.

IN THE UNITED STATES.

The Company’s securities have not and will not be registered under the United States Securities Act of 1933, as amended (the “1933 Act”), or the securities laws of any state of the United States, and may not be offered or sold in the United States absent registration or an applicable exemption therefrom under the 1933 Act and the securities laws of all applicable states.

This news release contains forward-looking statements, which address future events and conditions, which are subject to various risks and uncertainties. The Company’s actual results, programs and financial position could differ materially from those anticipated in such forward-looking statements as a result of numerous factors, some of which may be beyond the Company’s control. These factors include: the availability of funds; the timing and content of work programs; results of exploration activities and development of mineral properties, the interpretation of drilling results and other geological data, the uncertainties of resource and reserve estimations, receipt and security of mineral property titles; project cost overruns or

unanticipated costs and expenses, fluctuations in commodity prices; currency fluctuations; and general market and industry conditions.

Forward-looking statements are based on the expectations and opinions of the Company's management on the date the statements are made. The assumptions used in the preparation of such statements, although considered reasonable at the time of preparation, may prove to be imprecise and, as such, undue reliance should not be placed on forward-looking statements.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
